Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's attorney began by stating the he wanted to discuss two issues; 1) the 112, 2nd para rejection; and 2) the 102 (e) rejection. Applicant stated that the 112, 2nd para rejection can be corrected by a simple amendment to claim 11. Next, applicant's attorney stated that the device in Hopkins et al. requires that the wrist be mobile, and specific reference to para. 0015 of Hopkins et al. was given. Applicant's attorney indicated that he amended claim 1 to include the limitation "while immobilizing the wrist" to overcome the Hopkins et al. reference. The examiner inquired as to whether or not the specification provided support for the amendment. Applicant's attorney stated that paragraphs 20 and 21 of the specification provides support for the amendment. The examiner indicated that the proposed amendment would overcome the rejection.
